**SUPPLEMENTAL DECLARATION OF**  
**TERRY R. LEE UNDER 37 CFR 1.131**

Dear Sir:

I, Terry R. Lee, declare and state as follows:

1. I previously executed a "Declaration of Terry R. Lee" (the "first Lee Declaration") on August 21, 2003, which I understand was filed in this application on September 12, 2003. I hereby supplement the first Lee Declaration with the following information.

2. Between May 10, 2000 and May 22, 2000, with the exception of a few weekend days in which I was not in my workplace, I was on business travel outside of Boise, Idaho, making numerous customer visits in Ottawa, Canada, Tokyo, Japan and San

Jose, California. Attached hereto as Exhibit A is a list of my travels during the period between May 10, 2000 and May 22, 2000. Information not relevant to time period between the effective date of the Perino reference (i.e., May 10, 2000) and the filing date of the present application (i.e., May 31, 2000) has been blacked out. Attachment B is a calendar for May 2000.

3. I was unable to complete a final review of the present application during the May 10, 2000 to May 22, 2000 time period due to my extended business travel.

4. As stated in the first Lee Declaration, I approved the filing of the application and my approval was sent to the Micron legal department in an e-mail dated May 26, 2000 as evidenced by Exhibit G in the first Lee Declaration. The Micron legal department forwarded my e-mail to Dickstein on May 30, 2000. The present application was filed in the United States Patent and Trademark Office on May 31, 2000. The preparation of the presentation of the present application covering the Claimed Invention was diligently pursued from prior to the reference date of May 10, 2000 to the date of filing (May 31, 2000) of the present application.

All statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and these statements were made with the knowledge that willful false statements and the like so made are punishable by
